

GRD1LB1

European Region

A strong spot light with a halo flood, the GRD1LB1's beam distance is 300 meters, making it an ideal light for both security applications and search and rescue. In addition, the swivel head allows you to direct the light where you want it. It is easy to use, with a push button switch on top of handle and no wires to connect when changing the battery. And it includes a detachable carrying strap. Also, the GRD1LB1 has an impressive 35-hour runtime (with Energizer Alkaline Batteries).

Before Using Your Flashlight:
