

GRD1LB2

European Region

A strong spot light with a halo flood, the GRD1LB2's beam distance is 210 meters, making it an ideal light for both security applications and search and rescue. In addition, the swivel head allows you to direct the light where you want it and it's 2 light levels allow you to choose the amount of light for the task. It is easy to use, with a push button switch on the handle and no wires to connect when changing the battery. It includes a detachable carrying strap.

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light

BRIGHT

- Beam distance of 210 meters
- Cree® XRE LED provides 115 lumens

CONVENIENT

- Easy to use push button switch on top of handle
- Battery replacement needs no wires to connect

VERSATILE

- Head swivels 140° to put light where you need it
- 2 levels of light – high for maximum beam distance and low for extended battery life

DURABLE

- Strong aluminum construction

European Region

Product Detail:

Designation: Energizer Expert LED

Model: GRD1LB2

Color: Black

Power Source: One LR820 (NR825)

ANSI/NEDA: 918A

Lamp: One Cree® XRE LED

Lamp Life: Lifetime

Lamp Output: 115 lumens - high

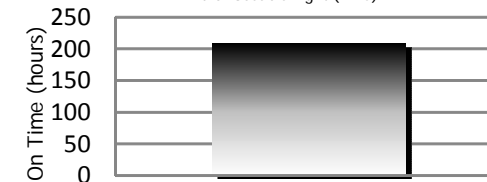

Typical Weight: 3450 grams (2150 grams without battery) (with alkaline battery)

Dimensions (mm): 255 x 157 x 78

Performance:

Run Time

Continuous Drain to End of Useable Light (21°C)

Energizer 6V Lantern Battery
Battery Type
