HCO1AA

Compact, lightweight, powerful – what more could you ask of a flashlight? The HCO1AA is all that and much more. It features 4 LEDs, each designed for a specific task, and a versatile clip that allows you to position the light exactly where you need it. Discrete, tactile switches make operating in the dark a breeze and the battery compartment cover is tethered to the light. It has a soft, non-slip grip. Add waterproof and drop-tested to 3 meters and you have a light that is Engineered for the Extreme™.

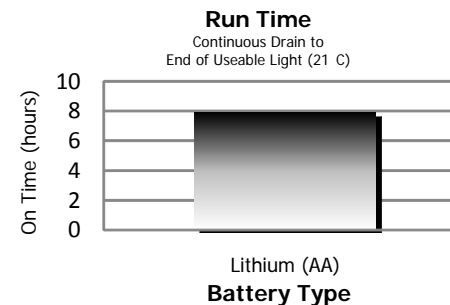

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light
