

## HCT2GU21L

Versatile and tough, the Energizer® Hardcase® Tactical® BRAVO flashlight is built to withstand the roughest conditions. The white and colored LEDs each have 3 levels of light – high, medium or low. And the IR operates in either frontal or IFF mode. Both batteries are inserted positive end first. But reverse the orientation of 1 battery and the light still operates. Plus it serves as storage for the extra battery. The head swivels and locks at the 90° and 180° position and the tailcap is tethered to the light. And it survives a 3-meter drop.

### DURABLE

- Survives 3-meter drop test
- Sturdy Nylon/ABS construction

### POWERFUL

- Illuminates objects up to 48 meters away

### BRIGHT

- High performance white LED provides 79 lumens on high setting

### SECURE

- Lockout toggle switch prevents light activation to maintain night discipline.

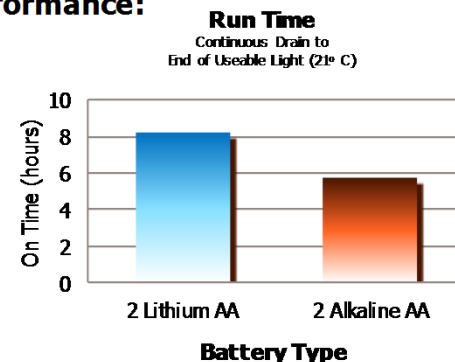

**Before Using Your Flashlight:**  
Please read all instructions and cautionary markings on the package and light

### Product Detail:

- Designation:** Energizer Hardcase Tactical BRAVO 2AA Swivel LED Flashlight
- Model:** HCT2GU21L
- Color:** Military Sand and Green
- Power Source:** Two "AA"
- ANSI/NEDA:** 15-LF or 15
- Lamps:** One High Performance White LED  
1 ea. red, green, blue and IR LEDs
- Lamp Life (hr):** Lifetime
- Lamp Output (lumens):** White LED on high - 79 (lithium or alkaline)
- Beam Distance (m):** White LED on high - 48 (lithium or alkaline)
- Peak Beam Intensity (cd):** White LED on high - 576 (lithium or alkaline)
- Run Time (h:mm):** White LED on high - 8:25 (lithium); 5:45 (alkaline)
- Typical Weight (g):** 148.4  
(with 2 lithium batteries)
- Dimensions (mm):** 29 x 133 x 54

### Performance:

Tested according to ANSI/NEMA FL 1 Standards.
