SIMPLE AND CONVINIENT

- Get the Charging Pad (sold separately)
- Get the Door
- Get Qi Charged

WORKS WITH...

- Blackberry® Curve™ 8900

IC-BB8900

Next generation charging technology for smart phones is now available. The Energizer Inductive Charging Door has been designed to charge Blackberry's Curve 8900 using Qi technology. This allows you to charge without cords and cables.

Before Using Your Charger:
Please read all instructions and cautionary markings on the package and charger

Product Detail:

Designation: Inductive Charging Door for Blackberry Curve 8900

Model: IC-BB8900

Color: Black

Inductive Technology Certified Qi low power standard by the Wireless Power Consortium
www.wirelesspowerconsortium.com

Inductive Compatibility: Works with all other Qi low power inductive transmitters including Energizer's 2 Position Qi Inductive Charging Pad (IC2B-US). (See the list on the WPC's website coming soon)

Output: Output: 5V, nominal 500-700 mA

Typical Weight: 25 grams

Dimensions (mm): 7.45(H) x 92.4(L) x 58(W)

Operating Temperature: 0-30°C
