

## IC-IP3G

### SIMPLE

- Open the Energizer® Qi sleeve by sliding the top and bottom parts in opposing directions.

### CONVENIENT

- Place your iPhone 3Gs/3G into the bottom part of the sleeve.

### DURABLE

- Slide the top part of the sleeve over the iPhone. You can leave the sleeve on permanently.

Next generation charging technology for smart phones is now available. The Energizer inductive sleeve has been designed to charge Apple's iPhone 3G and iPhone 3GS using Qi technology. This allows you to charge without cords and cables.

iPhone 3GS/3G  
sleeve

**Before Using Your Charger:**  
Please read all instructions and cautionary markings on the package and charger

### Product Detail:

**Designation:** Inductive Charging Sleeve for iPhone 3G and iPhone 3GS

**Model:** IC-IP3G

**Color:** Black

**Inductive Technology** Certified Qi low power standard by the Wireless Power Consortium  
[www.wirelesspowerconsortium.com](http://www.wirelesspowerconsortium.com)

**Inductive Compatibility:** Works with all other Qi low power inductive transmitters including Energizer's 2 Position Qi Inductive Charging Pad (IC2B-US ).  
(See the list on the WPC's website coming soon)

**Output:** 5V, nominal 500mA

**Typical Weight:** 50 grams

**Dimensions (mm):** 18.4(H) x 128.4(L) x 67.4(W)

**Operating Temperature:** 0-30°C
