IC-IP4G

Next generation charging technology for smart phones is now available. The Energizer inductive sleeve has been designed to charge Apple's iPhone 4 using Qi technology. This allows you to charge without cords and cables.

SIMPLE

- One piece sleeve.

CONVENIENT

- Slide your iPhone 4 into the sleeve.

DURABLE

- You can leave the sleeve on permanently.

Before Using Your Charger:
Please read all instructions and cautionary markings on the package and charger

Product Detail:

Designation: Inductive Charging Sleeve for iPhone 4

Model: IC-IP4G

Color: Black

Inductive Technology Certified Qi low power standard by the Wireless Power Consortium
www.wirelesspowerconsortium.com

Inductive Compatibility: Works with all other Qi low power inductive transmitters including Energizer's 2 Position Qi Inductive Charging Pad (IC2B-US). (See the list on the WPC's website coming soon)

Output: 5V, nominal 500mA

Typical Weight: 46 grams

Dimensions (mm): 15(H) x 124(L) x 63(W)

Operating Temperature: 0-30°C
