European Region

BRIGHT

- 2 LEDs provide 25 lumens of light in high mode

RELIABLE

- Useable light for 5 ½ hours in high mode with Energizer® MAX® batteries
- Lifetime LEDs never need replacing

POWERFUL

- Illuminates objects up to 7 metres away in high mode with Energizer® MAX® batteries

SAFE

- Red rear flasher provides useable light for 95 hours with just one Energizer® MAX® CR2032 coin cell

The Energizer® Micro Sport Headlight is an ideal lighting choice for activities in the dark, such as cycling and jogging. The forward beam lights your path, while the back safety flasher ensures that you can be seen. The light is water resistant and will continue to operate after exposure to splashing water from all directions. A comfortable, adjustable elastic band mounts the light securely around your head, and the slim profile and light weight make the headlight easy to wear for long periods of time.

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light

Product Detail:

- Designation:** Energizer Micro Sport Headlight
- SAP:** 634481
- Colour:** Grey
- Power Source:** Two "AAA" and One "CR2032"
- IEC:** LR03, CR2032
- Lamp:** Two White LEDs, One Red LED
- Lamp Life (hr):** Lifetime
- Lamp Output (lumens):** High - 25, Low - 12
- Beam Distance (m):** High - 7, Low - 5
- Peak Beam Intensity (cd):** High - 12, Low - 6
- Run Time (h:mm):** High - 5:30, Low 14, Flash - 95
- Typical Weight:** 71.3 grams with batteries
- Dimensions (mm):** 32 x 77 x 27

Performance:

Tested according to ANSI/NEMA FL 1 Standards.
Note: Rear flasher is an area light and not covered by the Standard.
