A heavy duty rubber case makes the 4250IND ideal as a non-conductive lighting tool for electrical applications. In addition, it is safe to use for plumbing and wet areas.

A built-in lanyard and clip easily hangs the light from nearby pipes or other extrusions. With an improved, faceted reflector, you can count on this light for a wide, high-quality spot.

Performance:

- **Run Time:**
  - 700 mA Continuous Drain to 0.9V per Battery (70°F)
