Approved by global safety agencies, the Energizer® ATEX Headlight is ideal for work in harsh conditions. The light is water resistant, dustproof and survives a 2 metre drop. Built to take tough conditions on the job, it provides a dependable hands-free lighting solution. Four lighting modes are controlled by 2 easy to operate push button switches. The light pivots to direct the beam where you need it; and the comfortable, adjustable head band stays where you put it, whether on your head or on a hard hat.

**Performance:**

<table>
<thead>
<tr>
<th>Mode</th>
<th>Run Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>High</td>
<td>20 h</td>
</tr>
<tr>
<td>Low</td>
<td>66 h</td>
</tr>
</tbody>
</table>

**Additional Information:**

- **UL/CUL intrinsic safety for hazardous locations**
  - Class I Div. 1 Groups A,B,C, & D, Class II Div.1 Groups E,F,&G, and Class III Div.1; T4
  - ATEX intrinsically safe flashlight for IM2/II1G Ex ia I/IIC T4
  - IECEx intrinsically safe flashlight for Ga Ex ia IIC T4
  - -20°C to 40°C ambient operating range.
  - 0539
  - EN60529 ingress protection level IP64.
