BRIGHT
• High-power White LED provides 70 lumens of light during the first 10 minutes of operation in High Beam Mode

WEATHERPROOF
• Meets IEC 60529 IPX4 standards
• Continues to operate after exposure to splashing water from all directions

POWERFUL
• Illuminates objects up to 51 metres away in constant mode

ECONOMICAL
• Twelve hours of light between battery changes in High Beam Mode using Energizer® MAX® batteries
• Lifetime LEDs never need replacing

BENEFITS
• Revolutionary Road Beam Technology illuminates road ahead without dazzling oncoming traffic
• Passes 1-metre drop test
• Shatterproof lens
• Easy to use push button on/off switch also changes light modes
• Mode 1: High Beam to see the road ahead
• Mode 2: Strobing to be seen and to capture attention
• Mode 3: Combination for maximum visibility and allowing others to gauge cyclist’s position

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light

Performance:

High Beam mode tested according to ANSI/NEMA FL 1 Standards. ANSI does not apply to intermittent modes.
