Thank You for Choosing the
Energizer® Mini Charger

Please read this manual before you use the charger, and save it for reference.

Batteries: Nickel Metal Hydride (NiMH) Rechargeable batteries

Sizes: AA, AAA

Recommended: Energizer® NiMH Batteries

WARNING
To avoid personal injury and property damage from, but not limited to, the risk of electric shock or fire:
- Charge only Nickel Metal Hydride (NiMH) rechargeable batteries. Charging other types of batteries may cause them to leak, rupture or explode.
- Do not open battery, dispose of in fire, pull in backwards, mix with used or other battery types or short circuit — may ignite, explode, leak or get hot causing injury.
- Use the charger only in dry locations. Keep away from rain, snow or excessive moisture.
- This charger is intended to be used in a vertical or floor mount position.
- Never plug battery chargers into an extension cord.
- Do not operate the charger if damaged.
- Do not disassemble, modify any part of the charger, or attempt to use the charger as a power source.
- Unplug before attempting maintenance or cleaning.
- For use in other countries, attach the proper plug adapter.
- This charger is not a toy and should not be used by children or infirm persons without adequate training or supervision.
