Thank You for choosing the Energizer Easy Charger

Please read this manual before you use the charger, and save it for reference.

Batteries: Nickel Metal Hydride (NiMH) Rechargeable batteries

Sizes: AA and AAA

Recommended: Energizer NiMH Batteries

CHARGING

1. Load Batteries into Charger
   - Open the lid at the top and flip down. Set to AA or AAA. (Flip lever down for AAA.)
   - Insert batteries to match the polarity marks (+ and -).
   - If charging 2 batteries only, place them together either on the left or right side.

2. Plug in the Charger
   - Using either the built-in or changeable plug depending on plug type, plug the charger into a standard AC outlet.

3. Charge
   - Push on/off button if charging has not started.
   - The red “charging” LED glows during charging.
   - The red “done” LED glows when complete.
   - Take out the batteries or turn charger off with on/off button.

FEATURES

- One-touch on/off: Push button allows additional control over charger activity.
- LED Charge indicators.
- Reverse polarity protection guards the charger and batteries from damage if batteries are placed incorrectly.
- Automatic Timer Shut-Off: Turns off the charging current to prevent overheating AA or AAA batteries. (Timer is reset with on/off button.)
- Universal voltage: 100-240V AC 50/60 Hz

TIPS

- It is normal for batteries to warm up when charging. They will cool down after they are charged.
- Store batteries in a cool, dry place at room temperature.
- Rechargeable batteries gradually lose power when stored. If they are not used for a few weeks, “top them up” to be sure of a full charge.
- Not charging the all the way:
  - Gently rub battery ends with a clean pencil eraser or cloth to remove any residue.
  - Try completely discharging them and completely charging them again.
- For Best Performance of your Energizer Rechargeable batteries.
  - Fully Charge your Rechargeable batteries before the first use.

- Store batteries at room temperature under dry conditions.
- Make sure you use a charger designed to charge NiMH batteries

RECOMMENDED DEVICE USAGE

Rechargeable batteries are ideal for high drain or frequently used devices (more than once a week) and can be charged 100s of times.
- NiMH batteries are a great economical power solution if used in Digital Cameras, MP3 Players, CD players, 2 Way Radios, Walkie Talkies, Remote Control Cars, Game Boys, Photo/equipment, Toys, Infant Devices and PDAs.
- NiMH batteries are not recommended for:
  - Remote Controls & Clocks - use alkaline batteries such as Energizer Max.
  - Medical & Safety Devices (e.g. smoke detectors) unless they are specifically designed and recommended to use NiMH Rechargeable batteries.

WARNING

To avoid personal injury and property damage from, but not limited to, the risk of electric shock or fire:
- Charge only Nickel Metal Hydride (NiMH) rechargeable batteries. Charging any other types of batteries may cause them to leak, explode, or catch fire.
- Do not charge or use the charger in wet or steamy locations. Only use the charger in dry locations. Keep away from rain, snow or excessive moisture.
- Never plug battery chargers into an extension cord.
- Do not operate the charger if damaged.
- Do not disassemble, modify any part of the charger, or attempt to use the charger as a power source.
- Always unplug the charger from outlet before attempting maintenance or cleaning.

SPECIFICATIONS

Model: CHFM

Chargers: AA NiMH batteries up to 2650mAh AA/AAA NiMH batteries up to 1050mAh

Input Voltage: Worldwide voltage 100-240V AC 50/60Hz

Charging Current: 30mA for AA, 120mA for AAA

ONE YEAR WARRANTY

This Energizer product is warranted to the original purchaser upon presentation of proof of purchase, to be free from defects in materials and workmanship for one year from date of original purchase provided that no other repairs, alterations or modifications had been attended by unauthorized personnel. Not applicable to damage caused by normal wear and tear or misuse. Repair or replacement of charger at Energizer’s option. For more information, please contact your nearest Energizer Sales office.
