Thank You for Choosing the Energizer® Dock & Go™ Charger

Please read this manual before you use the charger, and save it for reference.

Batteries: Nickel Metal Hydride (NiMH)
Rechargeable batteries
Sizes: AA and AAA
Recommended: Energizer® NiMH Batteries

CHARGING

1. Load Batteries into a Pod
   - Open a charger pod.
   - Set to AA or AAA. (Flip lever down for AAA).
   - Insert batteries to match the polarity marks (+ and -).
   - If charging 2 batteries only, place them together on the left or right side.

2. Plug in the Charger
   - Plug transformer into a standard AC outlet.
   - Plug jack into base of charger.

3. Charge
   - Place pod in base.
   - Base charges one pod at a time.
   - When the first pod is fully charged, the second pod will begin charging automatically. LED indicates charging status.

   LED glows:
   red while charging
   yellow while waiting
   green when complete

   NOTE: Alternating red/green LED indicates a bad or non-rechargeable battery.

   When charging is complete, the pod can be left on the dock or removed to serve as a carrying case for the batteries.

   NOTE: This is a smart charger with a trickle charge function, therefore partially charged batteries may charge more quickly than those which are fully depleted.

FEATURES

- Charger pods can be used for storage and travel, as well as charging.
- Worldwide voltage: 100–240VAC 50/60 Hz
- Reverse polarity protection guards the charger and batteries from damage if batteries are placed incorrectly.

TIPS

- It is normal for batteries to warm up when charging. They will cool down after they are charged.
- Store batteries in a cool, dry place at room temperature.
- Rechargeable batteries gradually lose power when stored. If they are not used for a few weeks, “top them up” to be sure of a full charge.

WARNING

To avoid personal injury and property damage from, but not limited to, the risk of electric shock or fire:

- Charge only Nickel Metal Hydride (NiMH) rechargeable batteries. Charging any other types of batteries may cause them to leak, rupture or explode.
- Do not open battery, dispose of in fire, put in backwards, mix with used or other battery types or short circuit -- may ignite, explode, leak or get hot causing injury.
- Use the charger only in dry locations. Keep away from rain, snow or excessive moisture.
- Never plug battery chargers into an extension cord.
- Do not operate the charger if damaged.
- Do not disassemble, modify any part of the charger, or attempt to use the charger as a power source.
- Unplug before attempting maintenance or cleaning.

CHARGING TIMES

<table>
<thead>
<tr>
<th>Battery Size</th>
<th>Rated Capacity</th>
<th>Estimated Charging Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>AA</td>
<td>1700–2400</td>
<td>1.8–2.8 hr</td>
</tr>
<tr>
<td>AA</td>
<td>2500–2650</td>
<td>2.8–3.0 hr</td>
</tr>
<tr>
<td>AAA</td>
<td>850–1000</td>
<td>2.5–3.0 hr</td>
</tr>
</tbody>
</table>

Note: Batteries will not be damaged if left in the charger for a longer time.

SPECIFICATIONS

Model: CHPC
Charges: AA NiMH batteries up to 2650mAh
         AAA NiMH batteries up to 1000mAh
Input Voltage: 100–240V AC
Charging Current: 1.08A for AA, 400mA for AAA

LIFETIME LIMITED WARRANTY

This Energizer Battery Charger and these Energizer Nickel-Metal Hydride Rechargeable Batteries are warranted only to the original United States or Canadian purchaser upon presentation of proof of original purchase to be free from defects in material and workmanship for as long as you own your Energizer Battery Charger and these Energizer Nickel-Metal Hydride Rechargeable Batteries and this product is manufactured by or for Energizer and such warranty is not transferable to any subsequent end user. Not applicable to damage caused by normal wear and tear, misuse, or modification. Repair or replacement of charger at Energizer’s option. Send charger to Energizer, P.O. Box 6056, Cleveland, OH 44101. (Canadian residents send to Energizer Canada, Inc., 165 Kincardine Hwy, Walkerton, Ontario, N0G 2V0). WARRANTY APPLIES TO CONSUMER USE ONLY. ALL INCIDENTAL AND CONSEQUENTIAL DAMAGES ARE EXCLUDED. SOME STATES OR PROVINCES DO NOT ALLOW THE EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THESE EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM STATE OR PROVINCE.
