DOLIA33A

Dolphin All-Rounder

The most versatile Dolphin ever! Its bright white LEDs project a wide beam for Area illumination. Just direct the light where you need it thanks to its 360 degrees adjustable stand. Lay it flat, hang it or let it sit on its stand, the light angle combinations are endless! ... and like all the Dolphin range it's tough waterproof and floats. The compact version is ideal for DIY, storing it in a tool box, glove-box or taking it on a weekend away when you want to pack light.

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light.
