EMHIL21E

**BRIGHT**
- High intensity LED delivers up to 150 lumens

**DURABLE**
- High strength machined aluminum body
- Survives 2-meter drop test

**WEATHERPROOF**
- Meets IEC 60529 IPX4 standards
- Continues to operate after exposure to splashing water from all directions

**HANDY**
- Slip-resistant knurled grip
- Easy to operate push button tail cap switch
- Nylon lanyard

The Energizer® High Intensity LED Flashlight packs a lot of light into a small, sturdy package. The high intensity white LED provides up to 150 lumens and the light features a robust machined aluminum body that survives a 2-meter drop. Its weatherproof construction makes it suitable for outdoor use. The easy push button tail cap switch allows for one-handed operation.

**Product Detail:**
- **Designation:** Energizer
- **Model:** EMHIL21E
- **Color:** Brushed Silver
- **Power Source:** Two "AA"
- **ANSI/NEMA:** Series 15
- **Lamp:** One High Intensity White LED
- **Lamp Life (hr):** Lifetime
- **Lamp Output (lumens):** 150
- **Beam Distance (m):** 90
- **Peak Beam Intensity (cd):** 2,025
- **Run Time (hrs):** 2:30
- **Typical Weight:** 97 grams without batteries
- **Dimensions (mm):** 10 x 145

**Performance:**

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light

Tested according to ANSI/NEMA FL 1 Standards.
