GRD1LB2

A strong spot light with a halo flood, the GRD1LB2’s beam distance is 210 meters, making it an ideal light for both security applications and search and rescue. In addition, the swivel head allows you to direct the light where you want it and it’s 2 light levels allow you to choose the amount of light for the task. It is easy to use, with a push-button switch on the handle and no wires to connect when changing the battery. It includes a detachable carrying strap.

Performance:

- **Continuous Drain to End of Useable Light (21°C)**
