A strong spot light with a halo flood, the Energizer® Expert LED spotlight has a 550 metre beam distance in high mode, making it an ideal light for both security applications and search and rescue. In addition, the swivel head allows you to direct the light where you want it and it’s 2 light levels allow you to choose the amount of light for the task. It is easy to use, with a push button switch on the handle and no wires to connect when changing the battery – simply slide the light onto the battery and use the knob to secure it. A detachable carrying strap is included.

**BRIGHT**
- Cree® XRE LED delivers 150 lumens in high mode and 95 lumens in low mode

**CONVENIENT**
- Light slides easily onto battery and secures with one easy to use knob
- Push button switch on handle

**POWERFUL**
- Casts useable light on objects up to 550 metres away in high mode

**ECONOMICAL**
- Light for 115 hours between battery changes in high mode
- 218-hour battery life in low mode
- Lifetime LED never needs replacing
