**HC03AA**

A slim profile, lightweight durability and versatile lighting modes make the HC03AA an ideal choice for the outdoor enthusiast. A high intensity white LED provides 130 lumens in spot mode. Two levels of red light preserve night vision. A flood setting provides diffuse area light. Convenience features include a heavy duty clip and a locking battery compartment. The light stands up to harsh weather; and molded in cooling fins provide thermal management for the LEDs, allowing enhanced brightness and longer runs. The light’s many features confirm that it is Engineered for the Extreme™.

**DURABLE**

- Meets IEC 60529 IPX4 standards
- Survives a 3-meter drop

**WEATHERPROOF**

- Magnesium body is lightweight with exceptional strength
- Cooling fins provide heat management for the LEDs

**VERSATILE**

- 3 modes of white light - spot for penetrating, long-distance beam (160 m), flood for area light, combo for both spot and flood lighting
- 2 levels of red light (high and low) for preserving night vision

**Performance:**

- **Lithium (AA):**
  - Continuous Drain to End of Useable Light (21 C)
  - Run Time: 6h - Li, 12h - Alkaline
- **Alkaline (AA):**
  - Run Time: 6h - Li, 12h - Alkaline
