HCT1AA

Rugged and dependable, the HCT1AA is built to withstand the toughest conditions. It is fully waterproof and will survive a 2-meter drop when mounted to a helmet. A tethered tailcap means you’ll never lose the battery compartment cover and tactile switches make the light easy to operate in the dark. Four lighting modes provide the right light for any situation, from reading a map to night combat. The HCT1AA is the Toughest Flashlight You’ll Ever Need ®.
