**HCT2GAA**

Versatile and tough, the HCT2GAA is built to withstand the roughest conditions. The white and colored LEDs each have 3 levels of light – high, medium or low. And the IR operates in either frontal or IFF mode. In addition, the light functions on either 1 or 2 batteries, which can be inserted into the compartment in either direction. The head swivels and locks at the 90° and 180° position and the tailcap is tethered to the light. It survives a 3-meter drop and is fully waterproof, making the HCT2GAA The Toughest Flashlight You’ll Ever Need ®.

### Designation:
- Hard Case Tactical 2 AA Swivel LED Flashlight

### Model:
- HCT2GAA

### Color:
- Military Sand and Green

### Power Source:
- Two “AA”

### ANSI/ NEDA:
- 15-LF or 15

### Lamp:
- One High Performance White LED
- 1 ea. red, green, blue and IR LEDs

### Lamp Life:
- Lifetime

### Run Time (hr):
- White LED on high - 7 (lithium); 4 (alkaline)

### Beam Distance (m):
- White LED on high - 48 (lithium or alkaline)

### Peak Beam Intensity (cd):
- White LED on high - 192 (lithium or alkaline)

### Typical Weight (g):
- 148.4 grams (with lithium batteries)

### Dimensions (mm):
- 29 x 133 x 54

**Before Using Your Flashlight:**

Please read all instructions and cautionary markings on the package and light.

---

**DURABLE**
- Survives 3 meter drop test
- Sturdy Nylon/ABS construction

**VERSATILE**
- Head swivels and locks at 90° and 180°
- Operates in 5 modes – white, red, green, blue and IR (for frontal illumination and IFF)

**SECURE**
- Lockout toggle switch prevents light activation to maintain night discipline.

**HANDY**
- Runs on 1 or 2 batteries
- Includes removable belt clip for mounting options
- Tethered tailcap prevents loss

**WATERPROOF**
- Designed to meet IEC 60529 IPX7 standards
