The Energizer Hardcase Tactical CHARLIE light has a wealth of high-tech features. Advanced circuitry lets you adjust brightness to your desired level using the pushbutton tail-cap switch. Pulse width modulation maximizes battery life, allowing 75 hours of runtime on a low light setting. The shatterproof lens is coated with S500 Poly(organo) siloxane for superior hardness and weathering resistance.

In addition the light boasts convenience features like a sturdy belt clip, a comfortable hand grip and an automatic 30-minute shutoff. Powered by light weight, long-lasting lithium batteries, CHARLIE is your lighting choice when only the best will do.

**HIGH-TECH**
- Advanced circuitry switch
- Pulse width modulation
- Adjustable brightness
- Up to 75-hour run time using an Energizer Ultimate Lithium battery on the low setting

**BRIGHT**
- High performance White lifetime LED provides a maximum of 46 lumens

**WATERPROOF**
- Meets IEC 60529 IPX7 standards
- Operates after immersion in 1 meter of water for 30 minutes

**DURABLE**
- Survives 3-meter drop test
- Machined aircraft-grade aluminum alloy casing
- Shatterproof lens

**Performance:**
- **Run Time:**
  - Continuous: Begin a task, light will shut off after 30 minutes
- **Battery Type:**
  - Lithium AA
  - Alkaline AA
- **Beam Distance (m):**
  - High (100%) - 65; low (6%) - 23
- **Peak Beam Intensity (cd):**
  - High (100%) - 1,056; low (6%) - 132
- **Typical Weight:** 89 grams (including lithium battery)
- **Dimensions (mm):** 28.4 x 110
