Important Safety Information

Follow the instructions of the compliant transmitter to be used with this receiver.

Qi is the universal standard for inductive charging. Qi-enabled devices will work with Qi Chargers. That means when you buy the Energizer Inductive Charge, you can charge any Qi-enabled device on it. Soon, even sleeves and doors won’t be necessary because Qi will be built into them. Welcome to true universal charging.

1-Year Limited warranty

Energizer warrants that this product shall be free from defects in material and workmanship for a period of 1 year from the date of initial retail purchase. This warranty is for the original retail purchaser of the product. If returned to Energizer, the warranty period shall not be extended beyond this expiration date on the product. During the 1-Year Warranty period if we determine that the product has any defect in material or workmanship, we will repair or replace such product. This warranty does not cover defects or damage resulting from acts of God, accident, abuse, misuse, alterations, or other external causes. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Made for iPhone” means that an electronic accessory has been designed to connect specifically to iPhone and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

iPhone 4 sleeve

Place your iPhone 4 into the bottom part of the sleeve.

You can leave the sleeve on permanently.

Put your Energizer, Qi sleeved iPhone on one of the Qi charging areas and you’re charging!

Visit www.energizer.com/inductive for more detailed instructions and information.
