The Energizer® Two-in-One Rubber Flashlight features a unique two-way design – slide the case in and it is a flashlight; slide the case out and it becomes an area light. Made with a durable casing, the light resists damage from a 1-metre drop. In addition, the attached lanyard helps keep the light close at hand.

**Performance:**
- **Torch mode tested according to ANSI/NEMA FL 1 Standards.**
- **Battery Type:** AA
