The Energizer® Weatheready™ 360° LED Area Light is an excellent lighting solution for camping and power outages. It provides enough light to illuminate a room, tent or campsite for up to 29 hours (using Energizer® MAX® AA batteries). It also has a low mode, which lasts for up to 58 hours and an amber nightlight. It stands up to tough weather and has both a carrying handle and a built-in hanging clip.

**Bright**
- Bright white LEDs deliver room-filling light

**Versatile**
- Operates on multiple battery sizes – AA or D
- Three levels of brightness

**Waterproof**
- Continues to operate after submersion in 1 meter of water for 30 minutes

**Long-Lasting**
- Provides 29 hours of usable light on high setting with Energizer® MAX® AA batteries

---

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light.

**Performance:**

**Run Time**
Continuous: Drain to End of Useful Light (25°C)

- **High AA:**
  - On Time (hours): 70
  - Off Time (hours): 100

- **Low AA:**
  - On Time (hours): 40
  - Off Time (hours): 300

- **High D:**
  - On Time (hours): 60
  - Off Time (hours): 200

- **Low D:**
  - On Time (hours): 30
  - Off Time (hours): 400

Tested according to ANSI/NEMA FL 1 Standards.
