

# Panic Alarm & LED Light **Energizer®**

European Region

## Product Detail:

**Designation:** Energizer  
Panic Alarm & LED Light  
**SAP:** 633531  
**Colour:** Black and Blue  
**Power Source:** One A23 Alkaline Battery  
**IEC:** N/A  
**Lamp:** One White LED  
**Lamp Life (hr):** Lifetime  
**Lamp Output (lumens):** 4  
**Beam Distance (m):** 6  
**Peak Beam Intensity (cd):** 9  
**Run Time (h:mm):** 2:15 (light only)  
**Typical Weight:** 35.3 grams  
with battery  
**Dimensions (mm):** 22 x 80 x 27

## Performance:

*Tested according to ANSI/NEMA FL 1 Standards.*

# 633531

European Region

Compact and easy to use, the Energizer® Panic Alarm and LED Light provides both the peace of mind of a 105 decibel personal alarm and a pocket-sized light. Just pull the pin to activate the alarm and replace it to stop. The slim, streamlined design allows the light to slip easily into pocket or handbag, while the carabiner clip can be attached to keep the light findable.

**Before Using Your Flashlight:**  
Please read all instructions and cautionary markings on the package and light

## LOUD

- Piercing 105 decibel alarm (0.3 meters from device)

## SECURE

- Alarm is difficult to activate unintentionally
- Activating alarm requires deliberate action

## HANDY

- Light remains on when button has been pressed
- Carabiner clip attaches and detaches easily

## ECONOMICAL

- Light operates up to 2 hours & 15 minutes between battery changes using Energizer® MAX® A23 batteries
- LED never needs replacing
